

3.6V CASSETTE

DB3DL2(HL)

3.6V Cassette Pencil Driver Drill

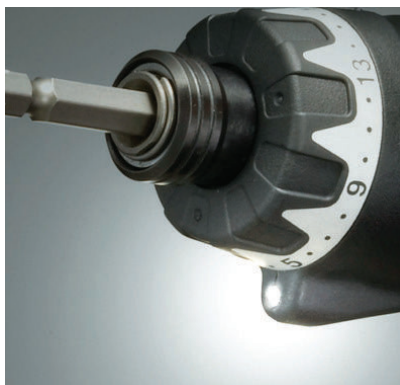

- Lightweight and ergonomic slim soft grip handle ensures comfort and reduces user fatigue
- Compact size with convertible action from straight to angled ensures convenient use
- Manual tightening mechanism allows model to be used as a manual screwdriver
- Lock button to prevent inadvertent motor start up
- Tool features multiple protection circuit that protects the battery & tool from overload, over heat, over discharge & over charge
- 21 stage adjustable clutch
- 2 speed gear box
- Ultra bright white LED for improved visibility

Specifications

Max. torque	5Nm
No load speed	200 / 600 (min-1)
Weight	0.45kg (with EBM315 battery)
Length	Straight: 268mm / Angled : 210mm (with EBM315 battery)
Battery type	EBM315: 3.6V 1.5Ah Lithium ion cassette
Standard accessories	2 x EBM315 batteries, charger, driver bit and carry case

10.8V

DS10DFL(HL)

10.8V Cassette Driver Drill

- Lightweight at only 1.0kg with ergonomic slim soft grip handle that helps reduce user fatigue
- Compact size at only 188mm and high power ensures convenient and easy use to suit multiple trade and DIY applications
- 2 speed gearbox allows the user to select between high or low speed extending drilling & driving applications
- 21 stage adjustable clutch
- Ultra bright white LED for improved visibility

Specifications

Capacity	Wood	21mm
	Steel	10mm
Torque	Max.	22Nm
	Hard	27Nm
No load speed	0 - 300 / 0 - 1,300 (min-1)	
Weight	1.0kg (with BCL1015 battery)	
Length	188mm (with BCL1015 battery)	
Battery type	BCL1015: 10.8V 1.5Ah Lithium ion cassette	
Standard accessories	2 x BCL1015 batteries, charger, driver bit and carry case

GP10DL(H4)

10.8V Cassette Mini Grinder Naked

- The low vibration mechanism reduces the amount of vibration experienced by the user providing further safety & comfort during operation
- Variable speed dial allows the user to accurately select the necessary speed required for the selected accessory and application
- Spindle lock ensures simple changing of accessories
- Compact design enables the product to be freely gripped for various applications
- Retractable hook can be recessed into the grinder body
- Remaining battery indicator

Specifications

No load speed	5,000 - 35,000 (min-1)	
Collet chuck	3.2mm	
Weight	0.48kg (with BCL1015 battery)	
Length	208mm (with BCL1015 battery)	
Battery type	Compatible with 10.8V cassette batteries	
Standard accessories	Hanger hook and 43 accessories. Optional batteries and charger available separately

10.8V CASSETTE

Specifications

Capacity	Wood	50mm
	Steel	4mm
No load speed	0 – 2,700 (min-1)	
Stroke length	13mm	
Weight	1.2kg (with BCL1015 battery)	
Length	349mm (with BCL1015 battery)	
Battery type	Compatible with 10.8V cassette batteries	
Standard accessories	Blade, wrench. Optional batteries and charger available separately	

- Ergonomic soft grip handle for increased comfort and reduced fatigue
- Tool less blade change for quick and easy blade replacement
- Blade can be mounted in either upward or downward direction easing and extending applications
- Ultra bright white LED for improved visibility
- Remaining battery indicator

CR10DL(H4)

10.8V Cassette Reciprocating Saw Naked

*Only Available Naked

Specifications

Illumination	1000lx (using fully charged 10.8V battery)	
Continuous operating time	Approx. 4.5 hours (using fully charged 1.5 Ah BCL1015 battery)	
Weight	170g (without battery)	
Length	182mm (without battery)	
Battery type	Compatible with 10.8V cassette batteries	
Standard accessories	Shoulder strap. Optional batteries and charger available separately	

- Adjustable head which pivots 180 degrees in eight steps
- Shoulder strap for convenient portability and long term use
- Stable base for hands free use
- Remaining battery indicator
- Replacement bulbs available separately: 330267 (2pce)

UB10DL(B0)

10.8V Cassette Torch Naked

*Only Available Naked

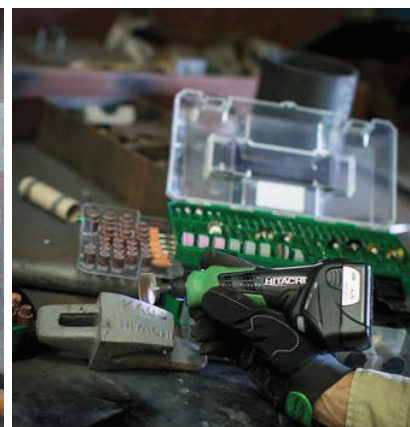

10.8V CORDLESS PACK

Kit Includes:

- DS10DFL – Driver drill
- WH10DFL – Impact driver
- 2 x BCL1015 – 1.5Ah batteries
- UC10SFL – 10.8V charger
- Carry bag
- Compact & lightweight reducing user fatigue and increasing useability in multiple trade and DIY applications
- Ergonomic soft grip handle for increased user comfort and reduced user fatigue
- Ultra bright white LED for improved visibility
- Li-ion batteries feature multiple protection circuit that protects the battery & tool from overload, over heat, over discharge & over charge

KC10DFL(HL)

10.8V Cassette 2 Piece Pack

12V CASSETTE

DN12DY

12V Cassette 10mm
Cordless Angle Drill
02522365

- Designed for working in confined areas
- Shorter height and compact design ensures high operation efficiency
- Variable speed switch with braking function allows the unit to stop rotation immediately when the trigger switch is released
- Electronic feedback power control ensures sufficiently large torque even in the variable speed range

Specifications

Capacity	Steel	10mm
	Wood	18mm
No load speed	0 – 800 (min-1)	
Chuck type	10mm keyless	
Head height	95mm	
Weight	1.4kg (with EB1220BL battery)	
Length	305mm (with EB1220BL battery)	
Battery type	EB1220BL: 12V 2.0Ah Ni-Cd cassette	
Standard accessories	2 x EB1220BL batteries, charger and carry case

DS12DVC(HC)

12V Cassette Driver Drill

- Lightweight and ergonomic slim soft grip handle ensures comfort and reduces user fatigue
- Compact size and high power ensures convenient & easy use to suit multiple trade & DIY applications
- Fan cooled motor ensures motor life is extended
- Keyless chuck ensures quick and easy bit changes
- 21 stage adjustable clutch
- 2 speed gear box

Specifications

Capacity	Wood	24mm
	Steel	12mm
Max. torque	24Nm	
No load speed	0 – 350 / 0 – 1,400 (min-1)	
Chuck type	10mm keyless	
Weight	1.3kg (with BCC1212 battery)	
Length	190mm (with BCC1212 battery)	
Battery type	BCC1212: 12V 1.2Ah Ni-Cd cassette	
Standard accessories	2 x BCC1212 batteries, charger, driver bit and carry case	

4 966376189106

UB12DL

12V Cassette Lantern
Naked

- Rotary hooked handle which can be locked into 8 different positions for hanging anywhere
- Stand to provide stability no matter what battery is inserted
- Strap attachment holes for attaching a user's strap
- Automatic LED switching function which kicks in when battery voltage reduces to avoid sudden blackout
- LED small light which consumes less power

Specifications

Illumination	12V: 380Lx/9.6V: 330Lx	
Continuous operating time (with 3.0Ah battery)	LED: 150 hours	
	Fluorescent lamp: 3.6 hours	
Weight	400g (without battery)	
Length	299mm (without battery)	
Battery type	Compatible with 9.6V-12V Ni-Cd and Ni-MH batteries	

4 966376129423

*Only Available Naked

UB12D

12V Cassette Torch Naked

- Adjustable head which pivots 110 degrees in five steps
- Shoulder strap for convenient portability and long term use
- Stable base for hands free use
- Replacement spare bulb stored within the head
- Replacement bulbs available separately: 314424 (2pce)

Specifications

Illumination	7000Lx (using fully charged 12 V battery)	
Continuous operating time	Approx. 3 hours (using fully charged EB12B battery)	
	Approx. 2 hours (using fully charged FEB12S battery)	
Weight	280g (without battery)	
Length	252mm (without battery)	
Battery type	Compatible with 9.6V-12V Ni-Cd and Ni-MH batteries	
Standard accessories	Shoulder strap. Optional batteries and charger available separately	

4 966376094431
